

Vespers - 25 November 2009 at Wrocław

The Wrocław (Poland) Ursuline community has responded to the German-speaking Ursuline Federation to pray together on the anniversary of the foundation of the Institute.

The German Federation proposed to other Ursuline institutions, in all their branches and all those whose roots are in Saint Angela's foundation, that we prepare a communal celebration for the 475th anniversary of the foundation of the Company of Saint Ursula. Celebrating a Vesper service between the hours of 6 :00 and 7 :00 PM, at the beginning of the jubilee year, would be a sign a unity among us.

Therefore, on the evening of the 25 November 2009, we celebrated Vespers at Wrocław according to the texts proposed, and using several different languages known by one or another of the sisters.
